Hoke Smith, one of the young cabinet ministers discovered by Cleveland 14 years ago, was inaugurated as governor of Georgia, last Saturday.

The Supreme Court of Tennessee has upheld the constitutionality of the anti-race track gambling law passed by the last legislature.

The Ellen Terry biography in McClure's Magazine will be discontinued, as it turns out to be an old one Ellen sold to an English periodical in 1891. It was to run six months and began in May.

A cowboy at Lander, Wyo., who was about to be buried, sat up in his coffin and asked for a drink of whiskey, and explained that he was not dead, but had been in a trance.

The Court of Appeals has affirmed the judgment of the Clark Circuit Court giving Mrs. A. Marcum \$8000 damages against Jim Hargis and Ed Callahan for procuring the murder of her husband. Hargis was acquitted of the criminal charge growing out of the Marcum murder.

The State Bankers will meet in Louisville, Sept. 18.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constant failing to cure with local treatment pronounced it incurable. Science has proven catarrh a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally and in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. Cheney & Co., Toledo, Ohio.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

The Glasgow Times with its characteristic plainness of speech, is demanding that Jim Hargis be put off the Democratic Executive Committee, now that the Court of Appeals has said that he and Callahan must pay a judgment of \$8,000 for assassination. Breathitt county once a Democratic stronghold, is no longer so; the judicial district has gone Republican and both of the Redwines have been defeated. Although Hargis is wriggling out of his criminal cases one by one, there are few people who do not believe him the head of the Breathitt county feudists. Every day Hargis remains on the Committee makes it harder for the Democratic party.

Judge W. G. Loving, who killed Theodore Estes, at Houston, Va., was acquitted, after a trial of unusual interest. Miss Elizabeth Loving told her father that Estes had drugged and assaulted her while she was taking a buggy ride with him and Loving hunted the young man up and killed him. It was shown that the girl who came back from the ride drunk, was in the habit of drinking whisky with Estes, and that her father was a drunkard, but the jury was only out 35 minutes. All were prominent people.

Pulling up plants of non-association tobacco growers is the latest phase of lawlessness in Montgomery County Tenn. Outrages of night riders have about ceased in this section, due perhaps to the fact that the perpetrators are now pretty well known.

Four men were legally executed in Missouri Thursday, three of them being convicts who murdered two guards in attempting to make their escape. The other was a negro murderer.

Railroad fare in Illinois is now 2 cents a mile on all Railroads.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor, at Fort Madison, Ia. says: "Dr. King's New Life Pills, are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at R. C. Hardwick's drug store.

LEAVES LOUISVILLE.

Dr. Carter Helm Jones Going to Virginia.

A remarkable demonstration occurred in the Broadway Baptist church when the pastor, the Rev. Dr. Carter Helm Jones, announced that he accepted a call to Lynchburg, Va., and will leave Louisville. Women wept openly and many men had tears in their eyes as their pastor left the pulpit after having preached his last sermon as minister in that church.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at R. C. Hardwick's drug store. 50c and \$1.00. Trial bottle free.

About 20,000 postal clerks and 24,000 city letter carriers got an increase of salary, to begin the first day of the month.

A reduction in prices paid railroads for carrying mail matter went into effect with the beginning of the month.

The iron fronts of the four store rooms that were on Main street have been torn down. That's an ugly gap in what was once one of the principal business squares, but some time next year it will be closed up. Mr. Garnett will have his building up by December 1st.

And still the front fences are going and the concrete walks are coming.

The gentleman with the red hirsute covering says he does not believe that the bank cashier who snowed him under so badly was the author of the silencing rejoinder: "I had rather have my head scraped than to have such a crop of red-top as yours." The joke is sticking still.

The children are beginning to fear that a circus will not come here this year. Be patient. It's an odd year when the circus forgets Hopkinsville, known as one of the best show towns in the state.

No announcement thus far for union services during the hot months. Preachers are talking about vacation and the church members are talking of cessation of night services.

Under the state game law there is nothing to keep people from killing squirrels now. The law protects them from the first day of February to the 15th of June.

Young Bookkeepers.

Bookkeepers were never before as hard to find. The unusual prosperity of all business enterprises is directly the cause. Now is the time for young men to get into permanent and paying employment. It takes only six months to learn bookkeeping. The time and the cost are trivial when compared to the results. Full information can be had by writing to the Ewling Green University, at Bowling Green, Ky.
